EFFECT**

**UNIQUE
FORMULA**

**2 INTERNATIONAL
PATENTS**

**Visible results from the
first application**

With Walnut Extract

**Effective on clean
and polished nails***

Technical Sheet

Lazonail® is a gel that quickly repairs, strengthens, and beautifies nails and cuticles. Its use provides holistic care that revitalises, nourishes, and hydrates; contributing to an increase in nail hardness, firmness, and shine.

The gel contains **walnut extract** and minerals (calcium, iron, zinc, and magnesium) that strengthen the nail tissue, providing greater hardness and consistency to nails damaged by continuous use of manicures, semi-permanent gels, acrylic nails, or daily use of chemical agents and detergents.

Flash Effect

All ingredients work synergistically to promote growth, shine, and recovery of damaged nails and cuticles from the first application thanks to its **Flash Effect in 30 minutes**, achieving maximum effect after 7 days.

Ingredients

- Cyclomethicone and Dimethicone
- crosspolymer
- Decamethylcyclopentasiloxane
- Lauryl PEG/PPG-18/18 methicone
- Walnut Extract

Easy application, soft and silky texture, and no drying time

Press the pen's button until a drop of the product appears on the brush. Apply Lazonail® to the nails, spreading it evenly. Gently massage the nail, emphasizing the root to improve product absorption.

Quantity

2,5 ml

★ **Instant drying | Does not stain | Silky texture | Odorless** ★

Lazonail® adapts to all situations:

HOLISTIC NAIL AND CUTICLE CARE

Strengthens, hydrates, and beautifies nails and cuticles from the root, even when applied over or under polish. It does not affect the polish's aesthetics.

AFTER SEMI-PERMANENT MANICURE

Quick revitalization and recovery of the nail after a semi-permanent manicure (Shellac).

*The safety and efficacy of Lazonail® have been tested in the following studies:

- IN VITRO CYTOTOXICITY TESTS (Eurofins Biolab Srl, Italy)
- SINGLE PATCH TEST (EMOLLIENT GEL LAZONAIL® REF F6770V1-01819) conducted by PDH TRIALS 14/04/2021.
- EFFICACY RESEARCH STUDY OF LAZONAIL®. Ecoprocesses Research Group, Cosmetics and Health. AITEX
- EFFICACY RESEARCH STUDY OF LAZONAIL® II. Ecoprocesses Research Group, Cosmetics and Health. AITEX
